## ***Decorating Made Easy2011***

We've designed this class for busy people. You want to learn cake decorating skills but you just don't have the time. In 2 short nights you will be on your way to making beautiful cakes your family will enjoy.

In this introductory class our decorators will show you how to level a cake, place filling in it and proper base icing techniques. You will also learn various border and decorating techniques using a variety of tips so you may impress your friends with your beautiful cakes.

We are even making it one step easier—you don't need to purchase or bring a thing to class. We will supply it all—even the practice cakes and icing. We want you to come enjoy a relaxing evening while learning something new.

Of course, if you wish to purchase supplies to continue this fun at home, we offer 20% off all decorating and bakeware while you are taking our classes.

Cost: \$50.00

Minimum of 2 people to hold the class with a maximum of 8 people.
